

Bulgarian Business Forums

The vision for the Interregional Collaboration Framework is that innovation actors, institutions, and places from the BOOST consortium's regions and regional ecosystems, and other regions in Europe, will have an inclusive, structured, fast-lane collaboration framework that maximizes the value of innovation to society and reduces the innovation gaps among European regions.

- A common vision for the IC Framework of Smart Regions is co-designed and approved at consortium level
- Partners and innovation actors & relevant stakeholders validate the IC
 Framework and structure of Corridor Collaboration
- A 5-year action plan of the IC Corridor of Smart Regions is fully developed and approved by partners and innovation actors & relevant stakeholders from their ecosystems
