

## City of Dortmund

As being awarded as "iCapital 2021", Dortmund, under the motto: Innovation next door, aims bringing together different stakeholders and breaking down innovative solutions in order to integrate them into urban development projects.

This approach could be a model for other regions in Europe that face similar challenges as Dortmund (structural change etc.); joint urban challenges could be tackled on a European level, by bringing together the smartest and most creative heads of our cities, start-ups and scientific institutions.
